Gran Ballo alla Venaria Reale

Timeless charm for the 25th edition of the **Gran Ballo della Venaria Reale**, the eighteenth-century tradition of the European courts is revealed. XXVII trepidanti maidens and their knights, Cadets of the Naval Academy of Livorno, on the notes of Strauss's Waltz magically advance in the splendid scenery of the Great Gallery of the Savoy Palace.

Vienna on the Lake, historic event solidarity appointment in favor of the Italian Order Rescue Corps of Malta, in the charity evening of November 16, 2019 wants to be also depository of awareness against violence against women. The debutants become testimonials of the "red shoes" project wearing, under the candid clothes of the stylist *Carlo Pignatelli*, vermilion shoes. Spotlights on countering any violence of gender.

Miss Italia 2019 *Carlotta Stranamore e Gessica Notaro* became, after a severe attack with acid perpetrated by the former boyfriend, ambassador of courage and obstinacy in the counter gender violence. Romantic fairy tale evening, incisive message, girls can continue to dream but become advocates of awareness that with serenity and determination every woman it must be free to express itself in its autonomy with dignity, without fear.
